

# CONDUCT YOUR RESEARCH IN AMMAN, JORDAN 2018–2019

## Pre & Post Doctoral Fellowships

The American Center of Oriental Research was established in 1968. In the years since our formation, we have developed important and mutually respectful relationships with other universities, libraries, and organizations within Jordan. ACOR fosters ongoing scholarship in the humanities and social sciences. It has a major research library and a residence facility.

Jordan is a place of convergence for scholars with research interests in the Middle East. In light of current regional situations, many people are unable to pursue their research in neighboring countries. Jordan and ACOR offer a safe, stable option.

ACOR is currently accepting applications for NEH and CAORC post-doctoral residential fellowships as well as CAORC fellowships to fund dissertation research for Americans in Jordan. Other awards support participation in archaeological excavations and independent research for university students at all levels and nationalities.

Do apply and please circulate this opportunity widely amongst your colleagues. Deadline: February 1, 2018.
